- 2.2. The Agreement and the General Terms and Conditions constitute the entire and only agreement and arrangement between the Parties in respect of the subject matter thereof. The Lessee explicitly waives any reference to the applicability of the general terms and conditions of the Lessee and these are expressly rejected by the Lessor.
- 2.3. In the event that the Parties to the Agreement have agreed upon explicit conditions that are inconsistent with these General Terms and Conditions, the conditions set out in the Agreement shall prevail.

3. OFFER AND ACCEPTANCE

- 3.1. All offers and proposals of the Lessor are non-binding and may be revoked at any time unless otherwise specified in writing by the

Lessor. All prices in offers and proposals made by the Lessor are expressed in Euros or in any other currency if this is agreed in writing by the Lessor.

- 3.2. Agreements are binding only if they have been expressly accepted by an authorized representative of the Lessee, which acceptance must be confirmed in writing by the Lessor or must appear from the fulfilment of the Agreement by the Lessor.

4. TERM

An Agreement is entered into for the term as specified in the Agreement and for the Rent agreed or specified in the Agreement, or as otherwise agreed in writing.

5. RENT AND PAYMENT

- 5.1. The Rent is based on the use of the Equipment in units of the number of hours per day and the number of working days per week, which consequently results in a number of operating hours of the Equipment per week. If the Equipment is used for more than 40 (forty) operating hours per week (or its pro rata equivalent if the Equipment is leased for a shorter period), the agreed Rent will accordingly be increased proportionally.
- 5.2. The Rent is due for the entire term of the Agreement. The Lessor has the right at any time to require the Lessee to make entire or partial advance payment of the Rent and/or to provide security.
- 5.3. The Rent must be paid by the Lessee within 30 (thirty) days of the invoice date, unless another period is agreed in the Agreement, into a bank account of, and designated by, the Lessor. All payments made by the Lessor and all payments made to the Lessor under any Agreement shall take place in Euros or in any other currency agreed by the Lessor in writing.
- 5.4. The Lessee is not entitled to hold or deduct any payment from or to compensate for any amounts owed to the Lessor.
- 5.5. The Lessee must submit claims regarding invoices to the Lessor in writing within 14 (fourteen) days after the invoice date, in the absence of which the Lessee can no longer invoke inaccuracies in the invoices. Failure by the Lessor to mention an order number on the invoices does not release the Lessee from its payment obligations to the Lessor.
- 5.6. The Rent can be unilaterally modified by the Lessor if the costs of the Lessor (including, without limitation, transport costs) increase as a result of changes in laws and regulations or changes or delays caused by the Lessee. Any fines imposed on Lessor for traffic violations and/or other infringements involving the Equipment during the term of the Agreement, will be charged to the Lessee.

6. INTEREST AND COSTS

- 6.1. If the Lessee does not pay the Rent and/or a due amount within the period of 30 (thirty) days referred to in paragraph 5.3, the Lessor is entitled to send a notice of default to the Lessee, and if no payment is received from the Lessee within 7 (seven) days from the date of the above notice of default, all claims for the payment of the relevant outstanding amount will be immediately and fully due and payable by the Lessee. In addition, the Lessee is obliged to pay the Lessor a 1.5% (one and a half percent) interest rate per month in respect of the outstanding Rent and all other unpaid amounts (including unpaid interest) until the date of full payment, notwithstanding any other rights that the Lessor may have under the Agreement, these General Terms and Conditions or applicable law.
- 6.2. All extrajudicial and other costs incurred by the Lessor in connection with the collection of any amounts due (including, without limitation, legal costs, compensation for damages and/or fines) shall be borne by the Lessee.
- 6.3. If the Lessee also does not proceed to full payment of the Rent and/or a due amount after 7 (seven) days from the date the notice of default was sent, the Lessor is entitled to terminate the Agreement immediately and to pick up the Equipment from the location. The Lessee will provide the Lessor with every assistance for this purpose.

- 7.3. If an agreed location where the Lessor should deliver the Equipment is not accessible or is not easily accessible, the Equipment will be delivered to address that is as close as possible to the aforementioned address. Any resulting transport to the agreed location will be carried out by the Lessee and is for the risk and account of the Lessee.
- 7.4. The risks and costs of the use, storage and retention of the Equipment will pass to the Lessee upon delivery. These costs and risks will expire 4 (four) working days (or less if agreed in writing by the Lessor) after written termination by the Lessee or earlier if the goods are picked up by the Lessor.

8. OWNERSHIP AND SUBLEASING

- 8.1. The Lessor retains the (exclusive) ownership of the Equipment at all times.
- 8.2. The Lessee is not permitted and has no power or authority of any kind to sell the ownership rights of the Lessor to the Equipment, or to establish a mortgage or pledge, or exercise any retention right or to otherwise dispose or encumber the Equipment in any way.

The Lessee is obliged to inform the Lessor in writing beforehand if the Equipment is going to be used:
- i) on Airside or for work activities on or in the vicinity of aircraft and/or related objects;
 - ii) for work activities involving (possible) exposure to asbestos or toxic substances. Upon return of the Equipment Lessee will provide a written declaration by a certified expert that the Equipment is free from (any residue of) asbestos or toxic substances, in absence of which the Lessee will be held liable for all costs and damages involved with cleaning of the Equipment.

9.6. The Lessee agrees to make the leased goods available for inspection at the first request of the Lessor. The Lessee agrees to allow the Lessor to enter the buildings and business areas of the Lessor where the Equipment is located for the purpose of inspection or taking back the goods

- 10.4. If there is a defect or breakdown of the Equipment during the term of the Agreement and this breakdown or defect cannot be attributed to the Lessee, the Lessor will repair or replace the Equipment (in accordance with what the Lessor considers appropriate).
- 10.5. If Lessee has caused a defect or malfunction to the Equipment due to improper use or the failure to (correctly) carry out Daily Maintenance, the cost of the repair is at the expense of the Lessee. - 11.1.3. The Lessor is solely liable for damage to goods and personal injury to the goods and persons of the Lessee insofar as this damage is caused by
